March 13, 2023

Dear Hartford Homeowner,

The City of Hartford and the Connecticut Green Bank are proud to continue to partner with clean energy provider PosiGen, to make affordable solar energy and energy efficiency upgrades more accessible to Hartford residents through the Solar for All program.

Solar for All is a 25-year solar lease program that covers the full cost of installing, maintaining and insuring the solar system. There is no money down, no credit score requirement and no equipment to buy. There is no money out of pocket until all energy efficiency improvements have been made and the solar system is installed and producing.

Over 200 Hartford homeowners have already installed solar energy with PosiGen and as a Hartford homeowner, you are eligible for a free home evaluation to determine whether solar power is right for you. PosiGen Developer LLC is licensed to do business in Connecticut [License numbers HIC.0665487 and ELC.0205499-E1].

If you'd like to learn more, please join PosiGen on Monday, March 13<sup>th</sup> from 9:00 AM to 11:00 AM at the City Hall Atrium, 550 Main Street. You can hear about the program, ask questions, and schedule a free home and utility bill assessment to see if this clean energy program is right for you. You can also call 866-767-4436 or visit [www.PosiGen.com](http://www.PosiGen.com)

I hope you'll take this opportunity to learn if solar energy is a good option for your family, and to help us make Hartford a more sustainable, environmentally-friendly community.

Sincerely,

A handwritten signature in black ink, appearing to read "Luke A. Bronin", is written over a horizontal line.

Luke A. Bronin  
Mayor
